WE'RE FOR AMERICA! AMERICANS!

SOUTH CAROLINA's new Senator, Hon. J. C. McLAURIN, who succeeds the late Senator EARLE, adds another to the list of Southern Protectionists in the Senate of the United States. Six of the thirty Southern members of that body are now Protectionists, while the House of Representatives showed in its vote on the Tariff Bill no less than thirty votes for the Protective theory as exemplified in the Dingley Bill.

The attempt to manufacture gold which was made recently under the supervision of experts at Washington failed. But as the gold of the world is increasing three times as fast as the population of the world, business will get along as well as though gold could be manufactured to order. The gold has increased much more rapidly during the last half century than has the population, and its growth continues year by year at an accelerated speed.

The recent reports to the Controller of the Currency from National Banks of the leading cities of the country show an increased activity in loans and discounts and other branches of their business. This is an additional evidence that the promised return of business activity has begun and is going to continue. There is no more accurate test of business conditions than these bank statements, and the evidence which is thus being received in Washington of a revival of business prosperity is unmistakable.

SEVEN states had seceded and rebellion was well under way in nearly a dozen states when ABRAHAM LINCOLN was inaugurated in 1861. Yet he did not even call his Congress to meet until July 4th. People who are complaining that President McKINLEY's Administration is slow in getting its Tariff and other legislation completed would do well to compare the progress of events now with those of that period, when the life of the Nation was being threatened. There is reason to believe that the Tariff Bill will now become a law by the date at which the Congress was assembled on that occasion.

WILLIAM JENNINGS BRYAN and RICHARD PARKS BLAND, who assume to speak for the Democracy and to control its destiny, renew in recent utterances their evidence of esteem for the Gold Democrats, and announce that if they are willing to bury their golden idol and bow down to free and unlimited coinage of silver they may come into the Democratic party again; otherwise they cannot. Mr. BRYAN, in a recent letter on this subject, says: "It is as impossible for a person to belong to both Democratic organizations as it is for a person to be both a Democrat and a Republican at the same time."

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house," says A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., "and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by J. NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The Bodanza will go to Pomeroy tonight. The Shirley passed up last night for Pittsburgh.

The Virginia passed up last night for Pittsburgh. The W. F. Nisbet will pass down tonight from Pomeroy.

The Keystone State will pass down tonight from Pittsburgh. Captain Thomas J. Hall's new model barge for the Gate City will be launched at Madison on Saturday.

Heavy rains have fallen where most needed for navigation. Along the Allegheny, Kanawha and upper Ohio the storms were general, and in the Cumberland and Tennessee it is raining. The precipitation at Pittsburgh was 1.38; at Parkersburg, 1.58; at Charleston, .83, and at Pt. Pleasant, .76. Tennessee, Cumberland and Arkansas are rising.

Captain Mack Gamble has introduced in the Cincinnati and Wheeling trade, to leave independently every Wednesday, a brand-new, pretty and light draught steamer called the Will J. Cummins. She is so light that she can run all summer, and has most excellent passenger accommodations. She will pass up tonight.

Major Charles F. Powell, the Government Engineer, located at Pittsburgh, returned last week from an observation trip up the Monongahela River. He spent considerable time about Morgantown and looked at all the sites of the proposed dams to be built between that place and Fairmont. He expressed himself as being well pleased with the locations. It is expected that James McCarron of Philadelphia, who secured the contract to build the dams, will commence the work shortly. The work will be pushed as rapidly as possible.

George Webster, the deaf and dumb watchman of the Keystone State, is one of the most alert men running on the Ohio river. Nothing transpires on the boat that he is not aware of. He holds the rousters in their place better than the mates. "Dummy," as he is familiarly known, looks after the poultry that is brought in every week. He feeds the chickens and in consideration of this is given all the eggs the hens lay en route. He gathered twenty dozen on the last trip to Pittsburgh. He saved the Keystone State from being destroyed by fire several years ago.

There is no truth in the published report that Auditor Sam H. Stone made an assignment. He simply sold his big farm in Madison county because he wanted to live elsewhere.

If you eat when you like, and digest it, you will surely be strong and healthy. But if you don't digest it, you might almost as well not eat, for what good can your food do you if it doesn't nourish you?

If you find that you can't digest it, there is a simple help for your stomach.

It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion.

Strength and health come from the food you eat, after it has been digested and has gone into the blood.

The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

At druggists. Trial bottle 10 cents.

Millais Left No Unfinished Work.

There is no truth whatever in the statement that Sir Everett Millais was offered by a trading company \$17,000 for an unfinished work by his father, and hence, of course, he did not refuse it. As a matter of fact, the late president of the Royal Academy left no unfinished work of any description, and his son, Sir Everett Millais, wishes this to be known, as he has been inundated with offers by various magazines to reproduce a picture which is non-existent.

Novel Climbing Spur.

Successful experiments have just been made in two dragon regiments in the garrison at Metz of a novel spur invented by a locksmith of that city. Cavalrymen equipped with this spur are enabled in a few seconds to climb telegraph poles in order to cut the wires.

Steel Pens.

At the present time there is more steel used in the manufacture of pens than in all the sword and gun factories in the world.

The President Will Soon Act on the Cuban Question.

It is Believed That There Will Be a Change From a Negative Policy.

The Spanish Mission Considered at the Cabinet Meeting—Failure of the Republican Caucus to Act on the Hawaiian Treaty Causes Comment.

WASHINGTON, June 9.—Assistant Secretary Day said Tuesday that the report of Consul General Lee upon the results of the investigation made in Havana, in the Ruiz case, had not yet been received at the state department. Consequently it was not possible to learn whether the publications purporting to be copies of the report were accurate. Assuming, however, that the consul general's conclusions are correctly set forth, in brief, that Ruiz died while in jail, in violation of his treaty rights, the question of the largest importance is, what shall be the next step? The wife of Ruiz has filed with the department a claim for \$150,000 for the death of her husband. The Spanish contention has been that he was not killed, and that he was not treated harshly. Gen. Lee's inquiry is understood to have failed to bring out the truth on these points, but his statement on another, namely, that of his confinement in violation of treaty rights, appears to make the first two points non-essential and to leave the case resting on the broad claim that in confining Dr. Ruiz for more than 73 hours without permitting him to communicate with his friends or trying him, the Spanish officials in Cuba have assumed full responsibility for the results of that extra confinement. The fact being established that Dr. Ruiz kept up his citizenship by registering himself at American consulates in Cuba from time to time, as required by regulations, is taken as an offset against the claim that by continuous residence in Cuba for nearly 20 years, he had forfeited his rights as an American citizen, so it is surmised that the next step in the case will be the presentation of a claim against the Spanish government in behalf of the family of the victim of this illegal imprisonment.

The cabinet meeting Tuesday lasted longer than usual. The Cuban situation was discussed in a general way but the most important subject presented was the Spanish mission. The availability of three men for this important post at Madrid was carefully canvassed, but no decision was reached. One of the cabinet officers said after the meeting that the selection was still open and will go over until the president's return from Nashville. It may be that the non-appearance of Mr. Calhoun may have had something to do with postponing action Tuesday. If Mr. Calhoun does not have an opportunity to talk with the president before Mr. McKinley's departure at noon Wednesday he will be invited to accompany the president on his trip. A berth has been reserved on the train to be placed at his disposal in case he joins the presidential party.

The failure of the republican caucus Tuesday to take steps looking to the protection of the Hawaiian reciprocity treaty has caused considerable comment, but the friends of Hawaii in the senate say that the omission was due to no other reason than the want of sufficient time. They feel confident that if the point had been reached an amendment similar to that proposed by Senator Davis continuing the treaty in force would have been accepted. They base this assumption on the manner in which Senator Frye's speech was received and the side remarks made upon the subject. They now express the utmost confidence that the finance committee will accept the amendment without caucus action. Senator Frye's speech was a zealous appeal for the maintenance of the treaty. He said that Pearl harbor was ceded to the United States in exchange for the concession to Hawaiian sugar by this country and declared that its abrogation at this time would be an act of bad faith.

WASHINGTON, June 9.—There was a revival of Cuban talk about the senate Tuesday on account of the return of Mr. Calhoun. The republican senators, some of them members of the foreign relations committee, say there is no doubt that the president will take action as soon as Mr. Calhoun's report is received. No definite information was given concerning the attitude of the president but the impression of the senators from such reports as they heard was that there would be a change from the present negative policy and the adoption of a definite line of action with a view to endeavoring to secure a settlement of the present unfortunate state of affairs in Cuba.

WASHINGTON, June 9.—W. J. Calhoun, of Illinois, the special commissioner sent to Cuba by President McKinley, arrived from New York Tuesday afternoon at 4 o'clock. He went immediately to Judge Day, the assistant secretary of state, who was awaiting him, and together they proceeded to the white house. They were shown into the cabinet room where President McKinley and Judge Day listened to Mr. Calhoun's description of the situation in the war ridden island and to the conclusion reached by him.

Mr. Calhoun expressed great surprise at the publication of what purported to be Gen. Lee's report Tuesday morning. He said the document had been sealed in Consul General Lee's office in the regular official way and delivered to Mr. Fishback who brought it to New York and to Washington. He was unable to understand how it could have become public.

WASHINGTON, June 9.—The republican senatorial caucus Tuesday voted to stand together on all schedules in the tariff bill. The caucus instructed the finance committee to report a new sugar schedule.

The new sugar schedule is to be all

specific and on all sugar which has gone through a process of refining 1.95 cents (one and ninety-five hundredths of a cent) per pound duty instead of one cent and eight hundred and seventy-five one-thousandths of one cent per pound as provided by the house.

WASHINGTON, June 9.—The senate has agreed to Senator Bacon's amendment to the tariff bill placing raw cotton on the dutiable list at 20 per cent ad valorem. The vote was: Yeas, 42; nays, 19, most of the republicans voting in the affirmative and most of the democrats in the negative.

Cox for Minister to Spain.

WASHINGTON, June 9.—The most important development of the day was the selection of ex-Gov. Jacob Dolson Cox, of Cincinnati, to be minister to Spain. This decision was reached at the cabinet meeting Tuesday, and a dispatch was sent to Gen. Cox, asking him to accept the position. Should he decline, it is understood that the office will be tendered to Gen. Stewart L. Woodford, of New York.

CINCINNATI, June 9.—Ex-Gov. J. D. Cox, whose rumored appointment as minister to Spain appears in the Washington dispatches, was seen Tuesday night at his home, No. 41 Gilman avenue. He stated that he had no communication from the administration and appeared to be vastly surprised. He declined to make any statement as to what his action would be if the place was tendered to him, refusing to commit himself.

LABOR RIOT.

One Man Killed and Two Others Seriously Injured at Mineok, Ill.

PONTIAC, Ill., June 9.—A serious labor riot occurred at Mineok. The coal miners have been on a strike there since May 1. During last week a few men have been working against the wishes of the majority. Tuesday, while Superintendent A. W. Morgan, and one of the bosses, Joseph Erbeland, were escorting one of the men to work, a crowd of miners interfered. A fight ensued and Morgan and Erbeland commenced to shoot, killing instantly a young married miner named John Wesloski, and wounding another. This so enraged the miners that they attacked Morgan and Erbeland with clubs and stones and beat them badly. Morgan may not live. The town is excited and there is no telling where the trouble may end.

The death of Superintendent A. W. Morgan, which occurred late Tuesday afternoon, apparently satisfied the desire for revenge on the part of the enraged strikers. No further trouble is now apprehended.

DISORDERLY SESSION.

At Times the Scene in the Arkansas Legislature Was Almost Riotous.

LITTLE ROCK, Ark., June 9.—The session of the house of legislature Tuesday was the most disorderly that has been witnessed in years. The question under consideration was what is known as the Smith bill, a measure providing for the granting of unneeded lands to a proposed railroad at the rate of 1,000 acres for every mile of road built. The galleries and lobbies were densely crowded with friends of the measure. The opposition on the floor sought to defer a final vote and excitement was intense. At times the scene was almost riotous and the services of the sergeant-at-arms were frequently necessary to maintain decorum and at one time the speaker was forced to suspend the session. The Smith bill finally went over until Friday.

Safe Cracker Breaks Jail.

HAWAIIA, Kans., June 9.—Charles Patterson, alias Mike Johnson, who has cracked safes at Corning and in Brown, Nemeth and neighboring counties, escaped from the Brown county jail by filing his cell bars and digging out. He is still at large. Johnson is a man of wonderful nerve and daring. Before being captured several months ago, he stood off a posse of farmers for hours, using Farmer Elliott and two farm hands and a baby, which he snatched from Mrs. Elliott's arms, as a shield.

King Unrecognized Adult Male Employees.

HARRISBURG, Pa., June 9.—The senate passed Friday Tuesday the bill which has already gone through the house taxing each unauthorized adult male employee in the state two cents a day. The house bill providing for the payment of interest by state banks on state deposits was amended to increase the interest rate from one per cent to one and one-half per cent, on active deposits.

Minister Angell Postpones His Departure.

ANN ARBOR, Mich., June 9.—Dr. Angell, who was to have sailed for Constantinople on Saturday to assume his post of minister to Turkey, announced Tuesday evening that he will postpone his departure for a week in order to finish his work in the university as lecturer upon international law. He may possibly remain longer to deliver the baccalaureate sermon at the college commencement.

Many Desertions in the Navy.

BOSTON, June 9.—More than three score men have recently deserted from the warships New York and Massachusetts, together with those who left the Texas while she was here last week. Twenty-eight men took French leave of the Texas and 30 are missing from the New York. It is not known how many more are missing from the Massachusetts. In every case the deserters are of foreign birth.

President of Monmouth College.

MONMOUTH, Ill., June 9.—Rev. D. T. McGill, of Allegheny, Pa., was elected president of Monmouth college Tuesday afternoon to succeed Rev. J. B. McMichael, D. D., whose resignation was presented Tuesday morning. Dr. McGill is a graduate of Washington and Jefferson college, Pennsylvania.

Commander Ewing's Dead.

MALDEN, Mass., June 9.—Commander George Ewing, U. S. N., of the Charleston navy yard, is dead. He was born in Portsmouth, N. H., in 1837, and had been in the service since 1862.
